Careers Education, Information, Advice and Guidance Policy and Procedures

1. Rationale for CEIAG

“Academies have a role to play in supporting their pupils to make well informed and realistic decisions by providing access to impartial and independent information and guidance about the range of education and training options that are most likely to help young people achieve their ambitions.

The Education Act 2011

"You're only going to get youngsters to achieve well - particularly in the average to low ability range - if you show them what the end result of their studies will be."

Investing in your Son/ Daughter’s Future

Research has consistently shown that parents and carers are **the** most influential factor in students’ decisions about the future. Your support and encouragement influences their choices, and the guidance you provide will be invaluable to their eventual achievements and career pathways. This might feel a little daunting...the jobs of the future may be very different from your own experiences and choices. In fact, they may not even been invented yet!

There are some very simple and practical steps you can take to support your child.

- Talk to them about their current educational attainment and estimated grades and encourage them to aim high (the skills shortages of the future will be in higher level jobs)
- Discuss where they want to be and research how to get there (lots of great resources in the Academy and on the internet)
- Use the bespoke CareersInc@ Academy website – there is a link on our Academy web page (bottom right) or <http://www.careersincportal.co.uk/outwoodacademyripon/>
- Encourage them to seek out the advice and experiences they need to help them achieve their goals
